### **Selection Criteria**

The SSP Board of Directors will make its' decision regarding submissions based on the following criteria:

#### **1. Director Theatrical Experience**

With the funding received from the Delaware Division of the Arts, sponsors, donations, and ticket sales, SSP is committed to producing the best productions for our patrons and the Director is an integral part of this.

In our selection process, we take into consideration a potential Director's previous production experience including directing, assistant directing and stage managing. Experience in these areas as well as any other relevant experience such as acting, choreography, crew member, lighting, sound, props, etc., provides a great foundation of skills to meet the expected duties and responsibilities of a Director.

#### **2. The Director Application Form**

The Director Application Form is your chance to "sell" your vision to SSP on the play(s) you are applying to direct. The level of preparation, organization and thought that goes into your proposal could be seen as indicative of how you might run a production as well. Be sure to be thorough in your presentation of your plans so the selection committee can be excited and inspired by what you want to create on the SSP stage.
